SCRS Executive Director Position Search Status

Prosser, WA, September 4, 2008 — The Society of Collision Repair Specialists' Executive Director Search Committee (Search Committee) is happy to report on the overwhelming response to the opening for executive director, and wants to thank all the applicants. SCRS Chairman Gary Wano reports, "It is amazing to see the caliber of professionals right here within our industry. Sometimes we take for granted the skills and talents of the people we see sitting across the conference table, or those whom we speak to in the meeting hallways. This search has really opened my eyes."

The Search Committee is impressed with the quality and quantity of the number of candidates, and they look forward to reviewing each resume, critiquing them to the utmost, while striving to recognize the finalists whose names will be submitted to the Board of Directors for ultimate selection. Soon each applicant will be notified as to their individual standing.

Again, the SCRS Search Committee and Board of Directors wish to thank each applicant for their response to our need, and remind other interested parties to submit their resume by the September 15th deadline date.

###

Through its direct members and 35 affiliate associations, SCRS is comprised of 6,000 collision repair businesses and 58,500 specialized professionals who work with consumers and insurance companies to repair collision-damaged vehicles.
